### A WORD FROM LECKEY DESIGN

“Crossen Engineering worked closely with us during the sampling process to ensure the parts were to our satisfaction, responding quickly to amendments or adjustment requests. We now regularly use Crossen Engineering in our projects”.

Project Design Lead.  
-Christopher McNicholl

### INTERESTED?

Are you interested in what Crossen has to offer? Crossen offers metal forming, and plastic moulding solutions for a diverse range of clients, and are confident in matching your organisation's needs!
